

JCC (J.C. Christian & Assoc) from MN has called me REPEATEDLY at EARLY hours of the morning (today, the last straw at 8:50 AM on a SATURDAY) asking for a "Tiffany". I have told them that not only is there no Tiffany here but that the number they are calling is REGISTERED with the "Do Not Call" database. They state no knowledge of this (it was registered 7/28/03) and claim they not only are allowed to call any day of the week as of 8:00AM but only go by the name on their list, not the number. My understanding is that this is a CLEAR VIOLATION of the US Congress & FCC Law now in effect governing this issue.

I would greatly appreciate them being put on notice or at best fined under the new law. This harrassment has caused me extreme personal distress. Especially considering I spent all night sick in the ER and was FINALLY getting to sleep when they chose to harrass me at such a God Awful hour on a weekend. Therefore impeding my ability to get the sleep required to get well.

many thanks in advance.

- a VERY unhappy & actively registered voter

In addition, further research has discovered their intentional methods of deceit and falsehood to the consumer. there is no listing in ANY white/yellow/whois/anywho, etc directory for this company in any variation in MN. however, the number they called from & provided for "Tiffany" to call back at provided this information:
